Portfolio:
<https://urcooln.github.io/portfolio/>

Dedicated and adaptable professional with experience in both full stack development and restaurant management. Completed an intensive full stack developer bootcamp, gaining proficiency in technologies such as HTML, CSS, React, and Ruby on Rails. Developed and maintained responsive web applications, leveraging expertise in front-end design and back-end functionality.

Prior to transitioning into the tech industry, excelled as a shift supervisor at Red Robin, overseeing restaurant operations and leading a team to deliver exceptional customer service. Managed workflow, trained staff, and resolved customer inquiries to ensure a positive dining experience. Proven ability to thrive in fast-paced environments, prioritize tasks, and collaborate effectively with team members to achieve organizational goals.

- Present

Education

Heroku
Javascript
HTML
CSS

Certifications

HTML CSS Development Altcademy | August 2023

Professional Experience

Full-stack Developer
South Jersey Transportation Services, United States | September 2023

Developed and maintained responsive web applications using HTML, CSS, and JavaScript for front-end, alongside React for enhanced functionality and Ruby on Rails for back-end operations.

Experience building responsive web applications that provide seamless user experiences across devices and platforms.

Strong understanding of RESTful APIs and MVC architecture, with the ability to design and implement efficient back-end solutions using Ruby on Rails.

Skilled in database design and management, including SQL and NoSQL databases like PostgreSQL and MongoDB.

Familiarity with version control systems such as Git, and experience collaborating with teams using platforms like GitHub or GitLab.

Knowledge of software development best practices, including test-driven development (TDD), continuous integration/continuous deployment (CI/CD), and agile methodologies.

Ability to troubleshoot and debug complex issues across the full stack, ensuring optimal performance and reliability of web applications.

Strong problem-solving skills and the ability to quickly adapt to new technologies and frameworks as needed.

Experience deploying and maintaining web applications in production environments, including cloud platforms like AWS or Heroku.

Shift Supervisor

Red Robin | April 2015 - Present

Demonstrated leadership skills by effectively supervising and coordinating restaurant operations during assigned shifts.

Managed a team of employees, providing guidance, training, and performance feedback to ensure high levels of productivity and customer satisfaction.
